

# Coupon Policy

Due to the high volume of calls and emails, our CEO has issued the following coupon policy.

## **Store Coupons**

We occasionally offer store coupons, and these coupons may be used together with manufacturer coupons.

## **Competitor's Coupons**

We do not accept competitor's coupons

## **E-Coupons on Loyalty Cards**

We do not have a "loyalty card" , so we don't offer or accept "E-coupons"

## **Internet and Printable Coupons**

We do not accept amounts over \$2.00 or "FREE" coupons over \$2.00 Due to the enormous amount of fraudulent internet coupons, we must monitor these coupons carefully. We accept internet/printable coupons at the Store Manager's discretion.

## **Double Coupons**

We do not "double" or "triple" coupons

## **Limit on Coupons**

We do not limit the number of coupons used in a transaction, but coupons cannot exceed the purchase amount of any transaction.

## **Coupons exceeding the price of an item**

If a coupons exceeds the purchase price of any given item, the checkout will "generally" take the full amount of a coupon, depending on the item and manufacturer, otherwise, only the price of the item will be taken off.
